

INTRODUCING **Capsule**

The next generation
Clinic Management
Software

Dentists use a mirror – not a mouse.

That's why there's Capsule.

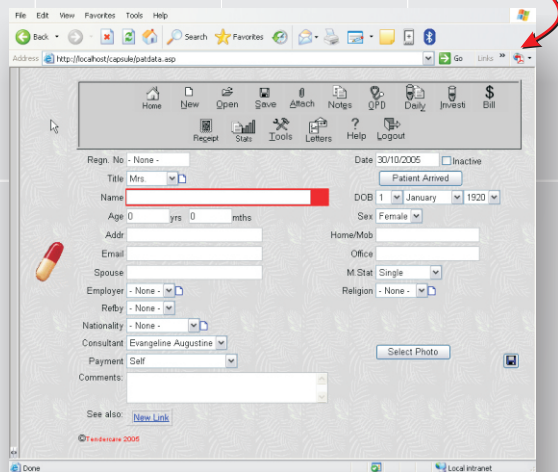

**The Dentist-Friendly Software
that is the world's easiest to use.**

Easier than
MS-Office

Works thru Internet Explorer

Simple as visiting
a Web Site

Based on pure Internet architecture

Yet the most
comprehensive
software on earth.

Capsule

The next generation
Clinic Management
Software

The *only* software that lets you have
a completely paperless clinic...

...yet produces the most elegant looking
documents that enhance your image.

Medical Records

Management Reports

CAPSULE is a medical practice management software solution designed specifically by doctors for doctors.

Core functionality includes interactive scheduling, billing, encounter management, claims processing, batch payment and comprehensive reporting and analysis. It speeds up reimbursement through real-time eligibility verification and electronic claims filing. Save time and money automating tasks such as patient appointment, reminder phone calls, and patient statement.
